For the second time in four years, long time HAR staff member, Denise Motohiro was diagnosed with Acute Lymphoblastic Leukemia. If you are not familiar with Denise's history, please feel free to visit: <https://posthope.org/kiss-cancer-goodbye>. It chronicles Denise's journey and tells you her long story of being in Seattle to receive the life-saving stem cell transplant. She has resided in Seattle for over a year encountering various obstacles faced with transplants. The good news is that she's coming home!

Please join us in raising monies to help defray the cost for Denise's treatments. *Proceeds of this event will be given to Denise directly. This is not a tax-deductible donation.*
