| 1. | | ok. |
| 2. | | I like this version as is |
| 3. | | The changes are acceptable to me. |
| 4. | | Ok but why aren't we addressing who is paying the GET? At the very least it should be on the form so the out of state referring companies can see that we have to pay it for them if they don't pay it. |
| 5. | | I suggest that under the Referring Agent name that there would be room for a second agent Agent #1 and Agent #2 (if any). |
| 6. | | I see no need or obligation to have a check box about informing by client about the referral. We don't inform our clients about compensation we may or may not receive as cooperating brokers. |
